

Things into which Angels Long to Look

1 Peter 1:10-12

In the preceding verses, Peter talks about hope that is found in God and obtains salvation for our souls. He then focuses on how salvation was revealed through the scriptures. My aim is to have us connect salvation to God's word; honor, respect and delight in God's word; and know, study and obey God's word. For in scripture we see the glory of Christ and God's offer of grace, hope and joy. It is these things into which angels long to look!
