

## **Knowing God**

*John 7:25-36*

We were created to know God. We find purpose and fulfillment in knowing God. We experience love and joy by knowing God. While Jesus was at the Feast of Booths in Jerusalem, people talked about God and shared their thoughts about the Christ. Jesus taught them that knowing God is something really deep and personal, going beyond what the mind merely thinks.

### **Truth Matters**

Sometimes what we know is deficient

What we believe is important

How we act is critical

### **Relationship Is at the Heart**

Jesus truly knows the Father

Jesus shows “knowing” is deep and personal

### **Divine Mediation Is Key**

Jesus was sent by the Father that we might have life

He returned to the Father after completing His mission
