

Worship: Communion – Experiencing God’s Presence

In our six week series on worship we have focused on music, which is the expression of the soul, prayer which is the language of the heart, the Word which gives us the will of God and the offering which is a response to God’s blessings. Next week we will conclude with engaging our minds spiritually. Today we look at communion and its meaning in worship. This act is also known as the breaking of the bread, the Eucharist (thanksgiving) and The Lord’s Supper.

A Gracious Gift from Our Lord
